Field Service Engineer

Provides Onsite Service & Support

Koops' newly constructed Service Team is seeking talented Automation Engineers to take our service initiative to the next level.

The ideal Service Engineer candidate has:

- **Passion** for staying on the cutting edge of technology and seeing world class manufacturing environments all over North America (travel 50-75%)
- **Instincts** for equipment solutions of any variety (Mechanical, Pneumatic, Hydraulic, Electrical systems)
- **Experience** in troubleshooting automation, preferably hands-on mechanical and controls programming (Vision systems, Robots, PLCs, etc....)
- **Communication** skills to understand the customers need and coordinate solutions within the talented Koops team
- **Team** mindset and desire to be a part of a team that works and benefits together through Employee Ownership (ESOP)
- **Professional** presentation and focus on quality and customer satisfaction

To apply, send resumes to recruiting@koops.com
